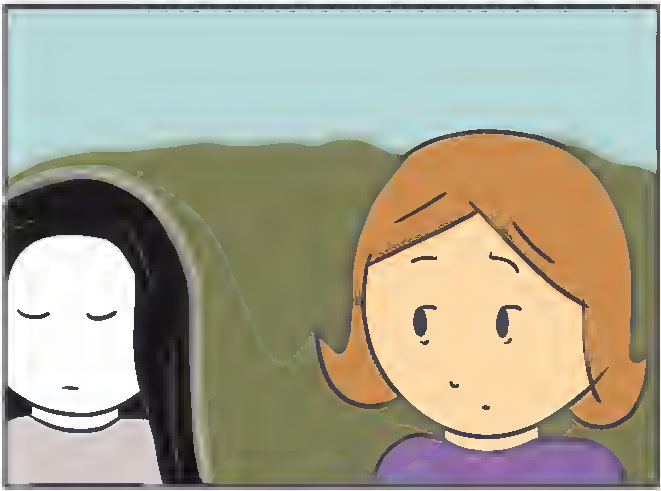
NICHOLALALA

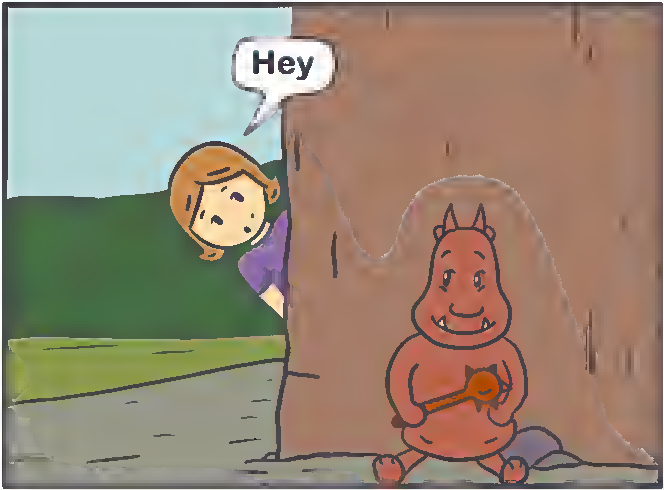
So you've never had a proper burial like that?

I don't know... I don't remember.
It was hundreds of years ago.

And I have no family left

Sometimes I wish I had a special place like that



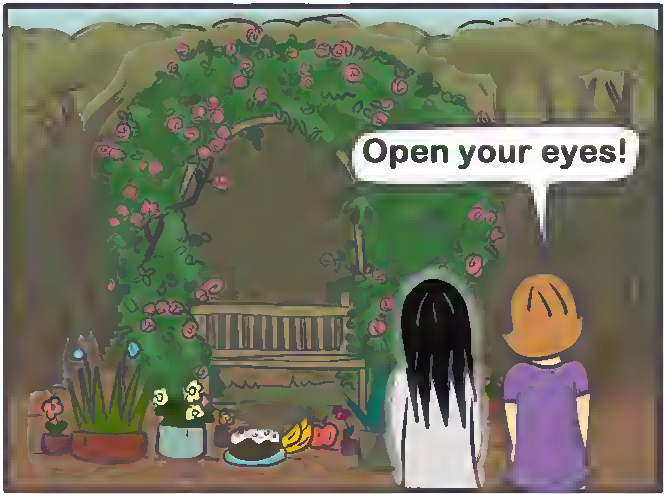


Hey

Can you help me?
Maybe, but it will cost you

You can make things appear right?
Yeah
I need some stuff

Okay, close your eyes...



Open your eyes!

It's a special place just for you!

I would hug you if I could

It's like being hugged by ice!

Where is my garden?!!
